RESEARCH INSTITUTE SURVEY

www.ndri.org

The NDRI (www.ndri.org) survey (a first for our community) was a huge success, **THANK YOU** to all those who participated! The results will be made public later this year; compiling all that data takes time. However, the data will rewrite HIV preventing and education as we know it today!

Thus, the process of receiving MORE data is on "hold", and the survey will resume later this year. This is a very exciting time in the history of HIV prevention and education, and **WE ARE THE REASON, WE ARE THE FUTURE.**

Just some reminders about BRANDON'S POZ PARTY:

<http://groups.yahoo.com/group/nycpozparties>

(For those with a YAHOO! id)

To insure that everyone attending can have a FUN and COMFORTABLE experience, **RESPECT and UNDERSTANDING** is important, and required. This applies to everyone attending, those who bareback and to those who do not. CONDOMS have always been provided for those who use them.

No still means NO, and Yes still means YES. Lets give each other a little respect.

Do ask (about status, std's, etc..) do tell (about your status, std's, etc..) it helps our community in the long run, and it is good common sense.

A DESCRETE way. 😊 While you are at another private party or club, and want to find out about the other guy(s) ask him (them):

HAVE YOU BEEN TO BRANDON'S PARTY? or HAVE YOU HEARD OF BRANDON IN NEW YORK CITY? If they say YES, then you have an idea of what they are into. 😊

If you are a member of: MANHUNT, M4M4SEX, SEXPIG, or any other online MSM community that requires you to provide a PROFILE, please add in your provile the catch phrase: I'M ON BRANDON'S LIST.

This too, is a very discrete way of letting others know about you, without the stigma of the status disclosure issue.

=====

SEX terms: 

ff (Fisting, taking someone's hand up your ass) / **ws** (Water Sports, Pissing) / **bb** (Bareback) / **top** (Fucker) / **bttm** (Bottom, fuckee) / **vers** (Takes it both ways, top & bttm) / **sm** (Bondage, pain, slave, master) / **bear** (hairy guy) / **cub** (hairy boy) / **pnp** (Party drugs and play, sex with guys using drugs.)

FOR THE ELECTIONS

www.johnkerry.com www.yourvotecounts.org www.aidsvote.org

www.aidsvote.org is a joint project supported by dozens of the nation's leading HIV/AIDS service, advocacy and research organizations.

They have two goals: to educate and inform presidential candidates of the concrete steps necessary to ensure our country is the world leader on HIV/AIDS and public health, and to educate and inform voters on the stands taken by the candidates on these crucial issues.

The **www.aidsvote.org** platform sets the standard for responsible leadership on HIV/AIDS at home and abroad. By pledging your support for the platform, you add your voice to the call for real progress in the fight against AIDS – not just politics as usual.

Dozens of the nation's leading HIV/AIDS service, advocacy, and research organizations support this non-partisan platform as an educational tool for voters and candidates in the 2004 presidential election. They do not endorse candidates for public office.

I will be pledging my support for the platform soon. Brandon
